

# Reserved seat ticket arrangements during peak season

This is an announcement for customers wishing to reserve seats for “Hokkaido Rail Pass”, “Japan Rail Pass”, “JR Tohoku-South Hokkaido Rail Pass”, and “JR East-South Hokkaido Rail Pass”.

The rail pass exchange/purchase counters are very busy during peak season, and you may have to wait for a long time.

Please note that we may limit the number of reserved seat tickets issued at one time to reduce the waiting time for customers.

Thank you for your understanding.

**\*You can issue reserved seat tickets by yourself using a reserved seat ticket vending machine when the ticket counter is crowded.**
